

Dice Candies Wholesale Information

Thanks for choosing to carry Dice Candies products in your store, at a convention, or as part of your special event. The following items are included in this document:

- [Requirements and benefits for direct wholesale purchasing](#)
- [Wholesale products and pricing details](#)
- [Shipping cost estimates](#)
- [Storage and care instructions](#)

If you have any questions that were not answered by this document, please contact **Mario Lurig** at **720.310.5687** or sales@dicecandies.com. You can also find more information online at DiceCandies.com.

Requirements and Benefits

To receive wholesale pricing of **53% off of MSRP** you must hold a current Retail Sales License from your state. You will also be encouraged to provide the name and address, if you have a retail store, for addition to the online store locator. This information is collected online with your first order request.

***Note:** Special orders for dice without packaging do not require a retail license to be provided and are also not available for resale, and thus they are not included in this document.*

Payments must be made prior to shipment; Dice Candies does not offer NET terms. Payments can be made via credit card (PayPal invoice) or check.

Shipping

Any orders within a 30 mile radius (Greater Denver/Boulder area) will include in-person delivery and free shipping for your first order.

Products are shipped from zip code 80038 (Colorado) and via USPS Priority Mail. Below is a service map displaying USPS Priority shipping times across the US. **USPS Priority will be 2-day delivery for most locations in the US.**

Shipping costs are the responsibility of the buyer. Shipping costs are a flat **\$10 within the continental United States for orders up to 100 units**. Dice Candies makes every effort to pack its products with care including: thermal bubble wrap, gel cold packs, and double-boxing when appropriate. However, time and heat are the largest enemies of chocolate dice, and therefore during warmer months expedited shipping ensures safe product delivery.

All shipments are sent on Monday or Tuesday, ensuring delivery by Thursday or Friday that week.

Dice Candies stand behind its shipping practices. If your product does not arrive in sellable quality, the items will be replaced at no charge to the buyer.

Storage and Care

The enemies of chocolate are heat and humidity. Products are made in the dry Colorado air in a 65 degree commercial kitchen before being stored at less than 50% humidity. While refrigeration is not necessary or recommended, keeping temperatures below 70 degrees and humidity low will ensure the product maintains shape, look, and taste. *Rule of Thumb: Cool and Dry.*

Chocolate products can be stored for up to 1 year under optimum conditions.
